

With all the “Special Plates” in North Carolina, why do the Legislators refuse to allow this one?

Why Not, NC?

Contact the Speaker of the NC House, **Joe Hackney**, at 919.733.3451, and the **President Pro-Tempore of the NC Senate, Marc Basnight**, at 919.733.6854 to ask them to allow the citizens of this state the opportunity to purchase a NC “Choose Life” license plate. The money raised by the sale of the plate would help those agencies which promote and facilitate adoptions. NC Pregnancy Support Centers helped over 46,000 women in 2008 by providing services such as: prenatal care, parenting classes, material goods (food, clothing, diapers, furniture, etc.) as well as post abortive counseling. Well over 46,000 thousand women and their children are expected to receive assistance from these centers before the end of 2009 at \$0 taxpayer expense.

Co-Sponsors: Berger; Bingham; Blake; Brock; Brown; Brunstetter; Clary; East; Forrester; Goodall; Goss; Hartsell, Jr.; Hunt; Jacumin; Preston; Rouzer; Tillman;

Status: Never brought up for consideration during session

These bills would establish “Choose Life” license plates and a “Crisis Pregnancy Fund” in the Department of State Treasurer, which is to be funded by a portion of the Choose Life license plate fees. Money in the Crisis Pregnancy Fund is to be distributed to Crisis Pregnancy Centers “whose services include counseling and meeting the needs of pregnant women within the state who need assistance and/or who are planning to place their children for adoption”.

There are 130 special license plates approved for use. The Choose Life plate has been locked in committee for over 5 years. Contact your legislators to support this license plate to save our babies. Demand that these bills be allowed to come to a vote.
